

How to play happy families vocabulary

The aim of the game is to collect as many sets (foursomes) as possible. For example in "talking about clothes" there are 4 cards of shirts, 4 cards of pants, etc.

- Shuffle the cards and deal 4 cards to each player. The rest of the cards are left on the table, face down, as a deck.
- The first player asks for a specific name of series: "Do you have **shirts?**"
- If yes, the player asks for the card needed. "Do you have a **blue shirt?**"
- If yes, the player receives the card and has another turn.
- If no, the player takes a card from the deck.
- When players collect a set of four cards they put it aside face up.

The winner is the player with the most sets.
