Talent®

PHONIC FOURS®

Contains: 36 Cards - 9 sets of 4 words.
Recommended Number of Players: 2-6

Instructions

Shuffle the cards and hand 4 cards to each player. Put the rest of the cards, face down on the table, as a stock. The object is to match as many sets as possible. A set consists of four cards of identical rhyming nouns.

The player to the dealer's left starts. A turn consists of asking a specific player for a specific card. The player who asks must already hold at least one card of the requested card's set. If the player who was asked has the card, he must give the card to the player who asked for it. The asker then gets another turn and may again ask any player for any card from a set which he already holds. If the person asked does not have the named card, then the asker must draw the top card of the undealt stock. The turn now passes to the player on the asker's left. As soon as a player collects 4 cards of the same set, this must be shown and discarded face down. When the stock runs out, the game continues until all 9 sets have been completed. The winner is the player who then has the most complete sets.
