Can you **drive** this **floor cleaner**? The **cleaner** didn't arrive yet* and the floor is so **dirty** and I'm **scared** to drive it.

I **will try**.

I drive the floor cleaner around **instead of** drinking coffee. This keeps me awake **even better**. Am I a nurse in a hospital? I **feel like** I am at a luna park!

It is nearly morning. We **unpack** medicines from their boxes. We **pack** the **carts** so they will **be ready** for the morning.

It is **hard** work to be a nurse but it is **wonderful** to **take care of** so many people.
And it is **even more** wonderful to take care of you!
