

Oral Book Report

Presenting Your Book

On _____, you will prepare a book report (a poster) and present it to the class. Here's what you have to do:

Step 1:

Make a poster describing your book. It should include the title of the book, the author, a picture, and one or two sentences about the book. Other information that you may want to include is: the main character(s), why you recommend reading the book, a quote from the book, something you can learn from the book etc. You may bring pictures and drawing supplies to class!

Step 2:

Describe the book that you read to the class for about 3-5 minutes. Talk about the main character(s), the plot, whether you enjoyed the book or not, if you learned anything from the book, whether you recommend reading the book or not etc.

Step 3:

Hang up your poster in the halls of the school for all the students to see and enjoy.

Good Luck!
